Brian Meek is the Director of Energy Services at Kansas Municipal Utilities. In this role he is responsible for coordinating the safety and training programs for the organizations 194 municipal utility members across Kansas, Nebraska, Colorado, and Oklahoma. Prior to joining KMU, Brian was Director of Plant Operations at Minnesota Municipal Power Agency, where he managed a fleet of power generation facilities that included two natural gas turbines, two wind farms, a biogas plant and a dual fuel engine plant.

Brian has a Bachelor's Degree in Nuclear Engineering Technology and a Masters of Business Administration. He started his career in the U.S. Navy as a Nuclear Training Supervisor and Lead Nuclear Chemist aboard the USS Harry S Truman (CVN-75) and the USS Frank Cable (AS-40). Brian and wife Beth share three children, Edwin (13), Lucy (10) and Layla (9).
