Daniel DeBoer has been an Environmental, Health, and Safety Consultant for PROtect, LLC (formerly ERI Solutions, Inc.) for the past five years. His experience has included safety and environmental audits; safety program development and training; environmental reporting; and PSM/RMP auditing and Process Hazard Analysis (PHA).

Dan also has 16 years of experience as an Environmental, Health, and Safety manager for several manufacturing sites in Kansas and Michigan. His professional experience also includes 15 years as a petroleum geologist and five years as a newspaper editor and reporter.

Dan has an MS degree in Environmental Studies from Friends University and an MS in geology from Fort Hays State University. He also holds a BS in geology and a BA in Anthropology from the University of North Dakota. He is also an Authorized OSHA Outreach Trainer, EHS management systems lead auditor (includes ISO 14001), and PHA team leader.
