Dr. Cartwright is a highly sought-after international business consultant and keynote speaker. He is the founder of People Success Labs, a Kansas City-based consulting firm whose sole purpose is to bring out the best in leaders and their teams.

Before devoting his work fulltime to People Success Labs, Dr. Charlie spent over 20 years of his career working in leadership within Fortune 500 companies. The practical lessons, insights and operational excellence that he gained during this time are priceless and contribute to his current passion: helping leaders achieve great results by tapping into the inherent greatness of their people.

When a company seeks to achieve their objectives, the most effective process starts with employee engagement. Dr. Charlie is one of the foremost experts on employee engagement in the world. His experience, knowledge and skills provide him with a unique understanding of people.

His extensive research led him to create the People Success Formula. The principles of this formula are what resonates as well as what drives and motivates the ways people think, feel and behave. These drivers ultimately dictate what people can become. This understanding is passed on to his clients who in turn use it to achieve spectacular results both in and outside of the workplace!
