Technical Sergeant Jonathan Murphy serves as the subject matter expert and principle advisor to the Wing Chief of Safety and 18 commanders on all industrial safety and Occupational Safety and Health Administration regulation, laws and standards for the 22d Air Refueling Wing, McConnell AFB Kansas.

TSgt Murphy plans, organizes and directs Wing Occupational Safety and Health Programs for a base population reaching over 6,000 Airmen, civilian and dependent personnel. He is responsible for managing an expansive mishap prevention and investigation program for 22 multi-command unit partners, preserving \$12 billion in assets within a 3,615-acre base. He serves McConnell AFB as a lead program coordinator and instructor for risk management and develops risk mitigation processes supporting an extremely dynamic peacetime and combat ready mission environment.

TSgt Murphy grew up in Farmington, New York and is married with four children. TSgt Murphy entered the Air Force in June 2002. He has served in the fields of aircraft maintenance, and Air Force Recruiting before cross training into Occupational Safety and Health in 2011. TSgt Murphy has severed at both Host and Deployed Wing safety Positions and continues to strive for excellence through education and training.

TSgt Murphy's education includes an Associates in Automotive Technology, Airman Leadership School, Air Force Occupational Safety Technical Training, an Associates Degree in Human Resource Management, An Associate's Degree in Safety Technology and has completed Non-Commissioned Officer Academy training at Sheppard AFB, Texas.

TSgt Murphy has received numerous awards and decorations. His special certifications include Army Safety & Occupational Health CP-12, OSHA Specialist in Safety and Health (SSH) and OSHA 30hr Outreach Trainer (General Industry).
