

## KIERSTEN CAMP

APRN, FNP-BC, DNP, CPDM

**Safety and Loss Control Representative**

Textron Aviation

Kiersten Camp is a senior manager of Health Services at Textron Aviation having more than 17 years of experience in occupational health in an aviation manufacturing environment. Camp, who has a doctorate in nursing practice from the University of Kansas has attained national certification as an Advanced Practice Registered Nurse (APRN). She possesses extensive experience with injury management, workers compensation, return-to-work programs and implementation of safety programs including physical ability testing and the use of certified athletic trainers for injury prevention in corporate settings. Shared with her passion for well-being and the interaction between well-being, health and safety in the workplace, Camp was instrumental in designing and developing an award-winning, comprehensive, on-campus primary care center and pharmacy for Textron Aviation employees and their dependents. The Plane Healthy Wellness Center & Pharmacy launched in 2022 and continues to set the standard for on-site employee care.
