

## LAUREL L. HARRIS

CSP, ARM, PCQI

**Risk Specialist, Risk Engineering Services**

Chubb Insurance

Laurel Harris is a risk specialist who focuses on assessing complex and severe products and processes, mentoring and growing staff acumen in product liability, and assisting clients in building stronger programs for product quality and defensibility. Harris' 33 years in the industry has resulted in a broad range of general knowledge in the safety industry including property protection, workers compensation, fleet safety, industrial hygiene, office and industrial ergonomics, general liability and client service. A 1990 graduate of Central Missouri State University (now UCM) with a degrees in Industrial Safety and Fire Science and Security, Harris has been in Risk Engineering Services with Chubb Insurance for 20 years. She maintains memberships in ASSP, ASQ, ACGIH, and ICPHSO.
